Transform the way
you eat & live... one
meal at a time

Compassionate Carnivores

VIP Monthly Newsletter

MAY 2017

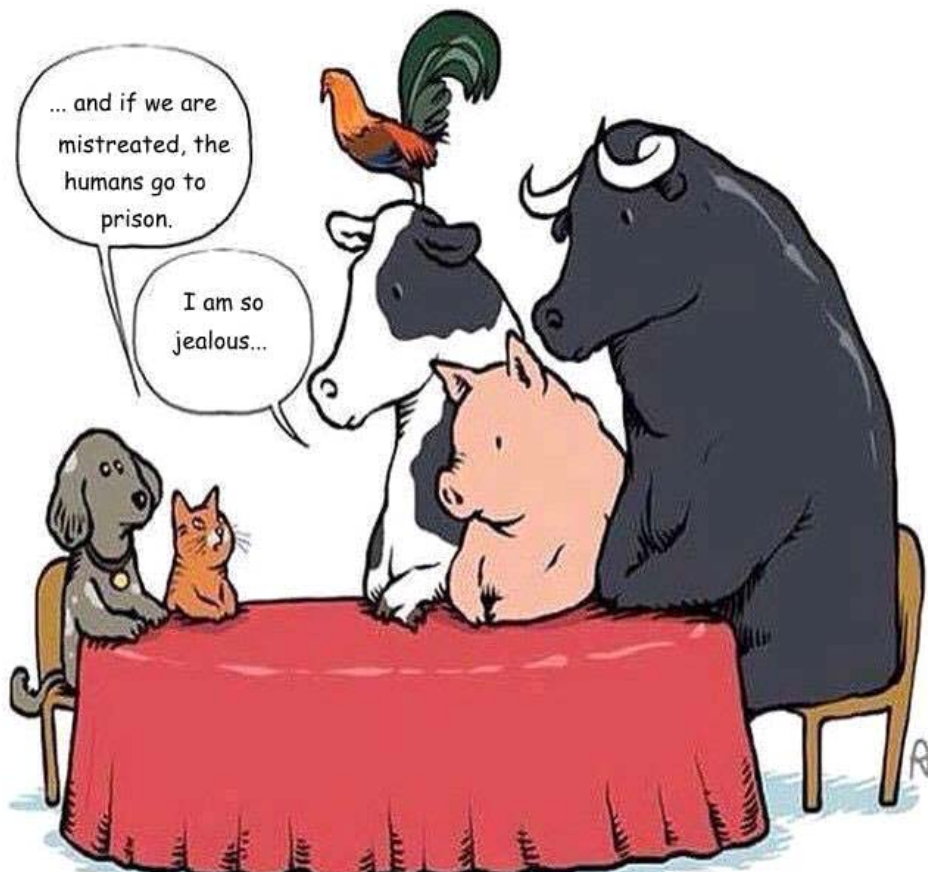

This month, as we celebrate our 12th year since beginning Compassionate Carnivores, I have a simple request for you to think about.

Why love one but eat the other?

“The question is not, Can they reason nor, Can they talk? but, *Can they suffer?*”

Animals suffer immensely to get to the plate, both in life and slaughter.

Watch this [video](#) for just 1 minute to see only the reactions of those who are viewing the suffering. (no graphic content)
