Did you know:

The turkeys today grow so fast that their delicate legs often break under the weight of their bodies. From the moment they hatch they have their beaks and toes burnt off using a hot blade in a standard industry practice known as “debeaking” and “detoeing”.

What You Can Do: Leave the turkey off the menu this year. Check with your guests and ask them if they would support the idea.

Please remember to buy only *pasture-raised eggs* & to pass this email your mailing list. Thank you! Lois
